## Certificate of Completion

This certifies that

## Demo Student

has successfully completed

## Flood Cleanup Awareness Training Focusing on the hazards associated with cleanup and recovery from a flooding disaster.

In Accordance With Federal and State OSHA Regulations

Hazards discussed include: General Cleanup, Flood, Electrical, Fungi, Fall, Tree-trimming and Chains w Hazards.

Workers must receive additional training, when required by OSHA standards, on the specific hazards of their job. This training should target the company's site-specific equipment, health and safety policies, and emergency procedures.
